PROFESSIONAL SUMMARY

MERN stack developer with hands-on experience building full-stack web applications, from secure JWT-based authentication to responsive, cross-browser UIs. Trained at Substring Technologies and IBM SkillsBuild, with project experience spanning food delivery, job portal, and AI-powered expense tracking platforms. AWS Certified Developer, quick to pick up new tools, and focused on writing clean, maintainable code.

EDUCATION

GOEL INSTITUTE OF TECHNOLOGY AND MANAGEMENT

Bachelor of Technology (CGPA: 7.55/10)

Lucknow, Uttar Pradesh

Aug 2022 - May 2026

- Course: Computer Science and Engineering

WORK EXPERIENCE

SUBSTRING TECHNOLOGIES

On-site, India

Software Development Trainee (MERN Stack)

Jul 2025 – Sep 2025

- Built 2+ full-stack MERN applications with secure JWT-based authentication and RESTful API integration, enabling seamless client-server communication.
- **Optimized** frontend rendering and asset loading, improving UI responsiveness and reducing page load time by ~20%.
- Collaborated on end-to-end feature development, from API design to responsive UI implementation, following industry-standard coding practices.

IBM SKILLSBUILD

Remote, India

Frontend Intern

May 2025 – Jun 2025

- Developed 5+ responsive, cross-browser web pages using HTML5, CSS3, and JavaScript, ensuring consistent UI/UX across devices.
- Managed version control and collaborative workflows for 3+ projects using Git/GitHub, improving code tracking and team collaboration efficiency.

SKILLS

Programming Languages: JavaScript, Python

Frontend: React.js, Next.js, TypeScript, Tailwind CSS, Bootstrap

Backend: Node.js, Express.js, RESTful APIs

Database & Deployment: MongoDB, Render, Vercel

Tools & Platforms: Git, GitHub, Postman, Firebase (Google Sign-In)

PROJECTS

BINGO – FOOD DELIVERY WEBSITE (LIVE DEMO)

- Built a full-stack food delivery platform using the MERN stack with secure JWT-based user authentication.
- Implemented cart management and order tracking, enabling users to browse, order, and track deliveries seamlessly. Tech: MERN

JOB PORTAL APPLICATION (LIVE DEMO)

- Developed full-stack job portal with role-based access for Admin, Recruiter & User using JWT auth.
- Implemented job search, filter & application tracking features for a seamless user experience. Tech: MERN

AI EXPENSE MANAGER (LIVE DEMO)

- Built AI-powered expense tracker with JWT auth, serving **100+ test users**, providing insights for financial decisions. Tech: MERN

ADDITIONALS

- **Data Structures:** Solved 100+ questions across platforms - HackerRank, LeetCode.
- **Certifications:**
 - AWS Certified Developer – Associate (Infosys Springboard) – Jul 2025
 - Generative Models for Developers (Infosys Springboard) – Dec 2025
 - Web Development Fundamentals (IBM SkillsBuild)
- **Academics:** Class XII – UP Board, 76.4% (2021); Class X – UP Board, 80.5% (2019).
